

*The Management Committee wishes to extend to all of our members our warmest wishes for a wonderful Christmas and a very Happy New Year.*

*Christmas is a time to enjoy our family and friends, notwithstanding that this year we may have to do things differently to protect our loved ones and ourselves. We wish you a most enjoyable festive season.*

*It seems that the long-awaited vaccine is at hand, and there is finally light at the end of the tunnel. Your management committee will next meet in January to review the situation going forward. It is our fervent hope that we can begin operating once again before too long. The safety of our members will continue to be first and foremost in all decisions we make.*

*We are planning to publish an edition of the Beacon in January. Let's see what we are doing to brighten up Christmas at home. Send us a photo of your tree or other decorations for the Beacon. Make sure to identify yourself. You can send it to Joan Selwood or Ian Stewart.*

*Again, all the best of the season to you all.*

*The Brighton Probus Club Management Committee*
